

# Follow your ambition

**We are looking for talented individuals to be part of our global team.** If you join our team, you'll join a family of 4,000+ team members around the world focused on delivering enduring value for our clients. As an integral member of a dynamic organization, you join a workforce dedicated to supporting and transforming purpose-built, next-generation supply chain technology with industry leaders who share a commitment to Moving as one™.

We have open positions in the following areas at various levels:

- Software engineers
- Logistics analysts
- Logistics coordinators
- Logistics managers
- DevOps engineers
- System administrators
- Product development
- Quality assurance engineers
- Database administrators
- Implementation engineers
- Sales/Marketing
- Accounting
- Billing professionals
- Account executives
- And so much more!

## Benefits

We invest in our team members' health and wellness because we know that our people are our greatest asset. Our competitive Total Rewards philosophy includes the following for most team members:

- Fixed base pay
- Unlimited paid time off
- Variable incentive plan, including bonuses and/or equity
- Pension plans/401k
- Training and career development through e2open University
- Health benefits
- No meetings Friday afternoons
- Paid parental leave
- Wellness benefits (Employee Assistance Program)
- Team member referral bonus program
- Flexible work option

## About e2open

E2open is the connected supply chain software platform that enables the world's largest companies to transform the way they make, move, and sell goods and services. With the broadest cloud-native global platform purpose-built for modern supply chains, e2open connects more than 400,000 manufacturing, logistics, channel, and distribution partners as one multi-enterprise network tracking over 12 billion transactions annually. Our SaaS platform anticipates disruptions and opportunities to help companies improve efficiency, reduce waste, and operate sustainably. Moving as one.™ **Learn more [www.e2open.com](http://www.e2open.com).**
